

Share your faith every day as a way of life!

How The Lord Used Us In September of 2016

Hello Partners in Ministry:

After a traditionally slow summer, we were excited to have our schedule to pick up in September. We had 4 MAD Live Events this month and I preached on one Sunday morning in NJ. I was also honored and blessed to be the Keynote Speaker at the Lehigh Care Net Pregnancy Center's 35th Annual Gala Fundraising Dinner. Their goal was \$90,000, but that was just to cover their costs. They were praying and trusting God for closer to \$100,000. Our God didn't disappoint! When the evening was done, \$92,000 had come in and another \$18,000 was expected! Praise God! The Executive Director was very pleased with what I shared and suggested I get on the "circuit" for speaking at Pregnancy Center fundraisers. We'll see if God opens some of those doors for us.

I am also scheduled to do a MAD Live Event next month for the Worldwide Christian Scuba Divers Organization in Florida. The doors also opened for me to teach the MAD Live Event for a potentially very large group from the same organization in Long Beach, CA the first weekend of December. That will be my first time teaching in California and this event will make that the 23rd state we've been privileged to teach in.

As we shared the MAD Live Event and preached, God's Holy Spirit moved and we praise God for 29 new followers of Jesus Christ this month!

Some MAD Grad testimonies to encourage you and praise God for:

"I wanted to take a moment as share a quick story with you. For two reason's. First because of our common love of evangelizing and your love for motorcycle riders. Yesterday was the beginning of another Sunday school quarter at our church. I have decided to teach "The Way of the Master" once again. I remember years ago the words of "warning" from a pastor to SS teachers that "what you teach you WILL be tested on, guaranteed! This statement could not have been more true this morning. God brought a 6'7" 300+ Hell's Angel motorcycle rider to our front door. BEFORE I CONTINUE I MUST SAY TO GOD BE ALL THE GLORY! As this mountain of a man stood in my driveway God allowed me to share the love of Jesus Christ and his need for the Savior! And that God loved him and that he was going to die one day and end up in one of ONLY two places. We embraced in a hug and I told him that if I did not care about him I would not say anything and that our "meeting" is not by accident. Man Don it was AWESOME!!!! Only God could have orchestrated something like this. Take care Brother....keep up the good fight!"

"I meet many people every day. I have seen young girls with cuts running up their arms. They are cutters. They hurt so much until they cut themselves to dull the pain. I have seen some who just need

someone to tell them that someone loves them. They need to know that Jesus loves them. We can do it through God's Words I will use the gospels of John."

PRAYER REQUESTS

- Healing - It has been 8 weeks since my surgery and my knee is still sore and a problem. I am still in physical therapy (\$308/week) and I need to be 100%. This is frustrating and I'd like it to be over so I can return to normal activities. Thanks!
- Please continue to pray for our schedule. We are now working to fill 2017!

Love in Christ,

Cathy and Don
