

*Share your faith every day as a way of life!*

### ***How the Lord used us in February of 2014***

Greetings in the precious name of Jesus!

I hope you are staying warm. What a winter this has been! We completed four M.A.D. Live events in February. Besides equipping the Body of Christ to begin living a lifestyle of evangelism, God used the truth of His Word as presented in the MAD Live Event to save another 13 souls this month. We praise Him for allowing us to be a part of His plan and never get tired of watching His Holy Spirit work in the hearts of people.

On February 19<sup>th</sup>, my dear friend and Chairman of the Board of the ministry (Ron Woudenberg) came down from the frozen tundra of the Finger Lakes to PA to accompany me on our annual trip to minister to the Bikers at Daytona Bike Week. However, somehow I really messed up on the dates and had Bike Week a week early on my calendar. I was able to book four MAD Live Events in FL around the dates that I thought were correct. It appeared we'd be missing Bike Week this year, but we decided to go to Daytona and offer our services to help vendors in setting up. We would then share our faith in Christ with them. Then a God thing happened. I received a call from a Pastor whom I have never met. He had found me on the Internet and said he wanted me to come to his church in Naples, FL to share the MAD Live Event with his congregation on a Sunday. He had looked at my schedule online and asked if I could stay another week in FL: to minister to his flock on March 9<sup>th</sup>. I agreed to do it and this will allow us to head back of to Daytona afterwards and put in two days sharing Christ with the people at Bike Week before heading home. Praise the Lord! He must have something really special planned! We will be doing over 3,000 miles on the motorcycles so we covet your prayers for safety.

Some testimonies to encourage you: *"Kelly Adams wanted me to pass this onto you. One of the BL students who heard Don Sunshine speak here in Hoke a few weeks ago was so moved, she literally went home that night and changed her entire video presentation that she was sending in with her scholarship application so that it would include her faith more boldly. She is getting a full-ride scholarship to Parsons, a prestigious design and fashion school in NEW YORK from it! And as a result, this video will be featured on their website too!"*

*The Ben Lippen head master showed this video and told the story to the entire group for the open house there last month. Kelly also said that internally they have not stopped talking about what a great impact Don had on the kids. It is so cool! Please pass it on to Don too."*

*"We recently attended a MAD (Making a Difference) teaching session and were challenged to be ready and look for opportunities to share. I was very convicted and can see the beauty of just being available and ready. My prayer and hearts desire to to do just that. I often start conversations with strangers at a restaurant and have opportunity to share with acquaintances at work. More stories to follow, Lord willing!"*

*"Your MAD presentation at Radius Church in Columbia, SC was the absolute best program on evangelism that I've ever attended. There was not one second of boredom. I came away from it a changed person. Everywhere*

*"Your MAD presentation at Radius Church in Columbia, SC was the absolute best program on evangelism that I've ever attended. There was not one second of boredom. I came away from it a changed person. Everywhere*

*I go I look at people as an opportunity to share the gospel with. I tried to talk my pastor into bringing you to my church but he has someone with a PHD coming. A title doesn't mean anything to me. If you ever come to SC again for any of your presentations, I will attend. God is certainly using you to change lives."*

*"Today I gave a gospel of John to the lady who filled my gas tank at the local station. I have given only one gospel of John to a gas attendant before, and was very nervous. I don't give the pocket gospels away as much as I should, so that was also adding to my nerves. More important than giving away a gospel, however, is the importance that the attendant actually opens it and reads it. So, in the hope of making a Jesus-like impression, I stuck some money in the gospel and presented it to her as a tip. Her enthusiastic "thank-you!" gave me much encouragement, though I do not know whether it was the gospel, the money, or both that caused her excitement. I do not know where she stands with the Lord, but I pray that if she doesn't know Him she will accept Him through God's word, and if she does know Him that this pocket testament will encourage her to share the gospel with someone else who doesn't."*

### **PRAYER REQUESTS**

- Thank you for praying about the national motorcycle ministry advertising opportunity. Unfortunately, they decided that would NOT allow us to advertise in their monthly magazine.
- For an overflowing schedule for 2014. We still have many dates to fill!
- For us to remain healthy and safe as we travel the highways and byways – we'll be doing about 3,000 miles on motorcycles later in March
- For us to be holy, obedient, and sensitive to the Spirit's leading
- For God's Spirit to move powerfully as we minister in the places where He opens doors

Love in Christ,

*Cathy and Don*
