Dear Don –

Thanks so much for your very fine presentation – MAD Training – at our Church several weeks ago! Your informal style and bits and pieces of humor helped to keep everyone’s attention. The Workbooks were a big help, too.

I found you and your material to be very Biblical, very Evangelical, very Evangelistic, very well organized, very practical, very good, AND VERY MUCH NEEDED! If we’re not winning others to Christ it would seem to me that we just have a lot of “wood, hay, and stubble” piling up around us. God forbid that it be so!

I trust God will open more and more doors for you to present the True Door to the masses.

God Bless!

**Pastor Terry**
